Inspector Observations:

23. NO RODENTS, INSECTS, BIRDS, OR ANIMALS

Violation Description: Each food facility shall be kept free of vermin. Only approved animals, such as service animals or decorative fish in aquariums, are permitted inside a food facility. (114259.1, 114259.4, 114259.5)

Inspector Comments: Complaint investigation conducted regarding rodents within the facility (CO-69679). Inspectors E. Fang and S. Sidwell observed the following: -gaps between and beneath the front double doors. -holes in the walls in the rear storage and retail area. -5 bags of various chip flavors gnawed open. -rodent feces on the bottom shelving of the chip area and dog food area. -rodent feces on the flooring beneath several retail shelving including but not limited to the chip, candy, dog food, and fertilizer areas. -3 dead rodents observed caught in two glue traps set beneath the chip rack in the retail area. -rodent feces and urine in the warehouse on the flooring and cardboard boxes. -gnaw marks on the cardboard boxes and cardboard pieces littered within the warehouse. -insulation displaced from the restroom ceiling via the venting system that has fallen onto the sink and flooring beneath. Due to the rodent infestation, the manager has decided to voluntarily close the facility. The following must be conducted prior to reinspection for approval to reopen the store: -seal all openings into the facility to exclude the entrance of vermin. -discard all affected (gnawed, chewed, fur/feces/urine contaminated) food and dry good packages. -sanitize all shelving and flooring affected by rodent nesting, urine, feces. -provide detailed pest control invoice dated from this date and forward, stating rodents as the target pest, as well as detailing all work done to exclude/eliminate the rodents. -eliminate all evidence of rodent activity including but not limited to fur, feces, urine, traps with rodents, gnaw marks, nesting activity. Inspector E. Fang has posted the "Facility Closed" sign adjacent to the front double doors.
