DATE 7/3/21

SUBJECT Little Caesar's

PERMIT NO. 38332

ADDRESS 4553 La Sierra Ave

DISTRICT 3

INSPECTOR Becky Brown

REMARKS:

Re: Reopening of Closed Facility

This visit is to reopen facility closed yesterday due to inadequate ventilation, alteration of exhaust hood, and extreme heat/humidity.

Air conditioner has been serviced and air temperature has returned to normal. Unapproved alteration to pizza oven / exhaust hood has been removed. Always maintain all grease filters in place.

Please remove evaporative cooler from interior of building. These are not made for use inside closed rooms and only make the area more humid. (by July 20)

Facility is approved to reopen
