Inspector Observations:

Overall Inspection Comments

At start of inspection B.Porto observed several dead roaches on floor throughout kitchen and numerous live roaches of all life stages in food preparation, food storage, and warewash area. Instructed person in charge to service the facility using approved pest control methods, work on exclusion, clean, and sanitize all affected areas. Discussed areas of exclusion and cleaning to prevent harboring of vermin with person in charge. This facility is closed due to immediate health hazard, described as vermin activity (Roaches) in food preparation, food storage areas, and warewashing area. Facility is to abate violation, eliminating immediate health hazard prior to reopening. Facility to remain closed until verification of violation is abated, facility is properly cleaned, sanitized, and permission is granted by this Department. Facility closed sign posted, A placard removed. Do not move, remove, or block placard/sign to avoid penalty. No signature captured due to pandemic, inspection report emailed to Leelo5@yahoo.com.
