Inspector Observations:

21. HOT AND COLD WATER AVAILABLE

Violation Description: An adequate, protected, pressurized, potable supply of hot water and cold water shall be provided at all times. Hot water of at least 120°F must be provided for facilities with unpackaged food or packaged potentially hazardous food. Handwashing facilities shall be equipped to provide warm water for at least 15 seconds. (113953(c), 114189, 114192 (a,d), 114192.1, 114195)

Overall Inspection Comments

This investigation was initiated due to a complaint received by this Department (reference CO0083091).

Upon arrival, observed a maximum temperature of 70°F at the handwash stations. Observed an employee preparing vegetables (carrots) and utilizing an ice scoop. Instructed all employees to stop active food preparation, utilizing food equipment, and any other food-related or ware washing operations. Spoke with Manager, Angel Davalos, regarding the hot water and the Manager stated there were water issues since the previous night coming from the second "Bradford White Corporation" water heater. A like-for-like water heater, "Bradford White Corporation", with an input of 300,000 Btu/hr was being installed upon arrival. Take all necessary approved action to ensure the facility is equipped with hot water of at least 120°F. All hand wash sinks must have hot water of at least 100°F. Facility is closed due to no hot water. "Facility Closed" signs posted. "Facility Closed" sign must remain posted until removed by an employee of this Department. Contact D. Rios with any questions at (951)273-9140 and/or darios@rivco.org.
