Inspector Observations:

Overall Inspection Comments

This facility is hereby closed due to immediate health hazard, described as observed rodent infestation. The following observations were made:

1. Dead mouse under sticky trap located under double door reach-in cooler adjacent to food prep sink.
2. Two dead mice on sticky trap placed under glass reach-in cooler adjacent to the cook line. One of the mice observed moving on the trap.
3. Mice droppings observed on the floors (along the walls) in the kitchen area under the hand sink, under the reach-in cooler, under the food prep sink, under the prep cooler, and under the glass reach-in cooler.

Facility has elected to voluntarily close. Prior to re-opening the following must be completed:

1. All rodent activity must be eradicated.
2. Facility must remove all rodent droppings and clean and thoroughly sanitize all affected areas.
3. Properly seal all gaps, cracks and crevices to effectively vermin proof.
4. Provide any proof of pest control to DSpencer@Rivco.org.

Facility is to abate violation, eliminating immediate health hazard prior to reopening. Facility to remain closed until verification of violation is abated and permission is granted by this Department. Facility closed sign posted, A placard removed. Do not move, remove, or block placard/sign to avoid penalty.
