Inspector Observations:

Overall Inspection Comments

At time of visit, measured facility hot water to be at 76F. Operator Felipe stated they noticed last night the water was not hot and was planning on calling the gas company today. Observed no active food preparation or warewashing taking place at time of visit. Operator has voluntarily self-closed until the hot water is restored to 120F. Contact this Department when the facility hot water is restored in order to schedule a recheck and be re-opened.
