FACILITY NAME <b>DEL TACO #370</b>				DATE 7/25/2019		TIME IN 8:30 AM		TIME OUT 9:15 AM	
ADDRESS 18990 VAN BUREN BLVD, Riverside, CA 92508				FACILITY DESCRIPTION Not Applicable					
PERMIT HOLDER Del Taco Corp.				EMAIL Not Specified				Major Violations 0	
PERMIT # PR0002395	EXPIRATION DATE 06/30/2020	SERVICE Follow-up inspection	REINSPECTION DATE Next Routine	FACILITY PHONE # (714)532-0700	PE 2621	DISTRICT 0002	INSPECTOR NAME Emily Piehl		Points Deducted 1

The conditions listed below correspond to violations of the California Health and Safety Code and/or Riverside County Ordinances and must be corrected as indicated by the enforcement officer. The Department of Environmental Health appreciates your cooperation.

Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional reinspection at a charge determined by Riverside County Ordinance 640.

**Major / Minor Violations:** Major Violations are those that pose an imminent risk to public health and warrant immediate closure of the food facility or immediate correction. Minor Violations are those violations that do not pose an imminent public health risk, but do warrant correction.

GRADE REPRESENTS THE FOLLOWING RANGES: A = 100-90 Passed inspection / meets minimum health standards. B = 89-80 Did not pass inspection / does not meet minimum health standards. C = 79-0 Failed inspection / conditions exist which may pose a potential or actual threat to public health and safety. The facility is required to display a grade card in a conspicuous place selected by the Enforcement Officer. The grade card shall not be concealed and can only be removed or relocated by the Enforcement Officer per County Ordinance 492 / County Code Section 8.40.020

FOOD ESTABLISHMENT INSPECTION FORM

FACILITY NAME DEL TACO #370	DATE 7/25/2019	PERMIT # PR0002395
--------------------------------	-------------------	-----------------------

45. FLOORS, WALLS, CEILING: GOOD REPAIR / FULLY ENCLOSED

POINTS

1

**Inspector Comments:** 1. Observed the flooring to be missing grout throughout the facility.

Re-grout these tiles in order to prevent food and stagnant water from accumulating in the cracks between the tiles. Repair the floor in order to provide a surface that is smooth, of durable construction, non-absorbent and easily cleanable

2. Observed flooring in disrepair (i.e. deteriorating or missing grout/tiles/vinyl, etc) behind the front counter and at the cold top/steam table. Repair the floor in order to provide a surface that is smooth, durable, non-absorbent and easily cleanable. If flooring is to be replaced, submit a sample to this office prior to installation.

3. Observed cove base inside of the walk in cooler to be rusted.

Provide an approved integrally designed base coving with a 3/8-inch radius at the juncture of the floor and wall. The coving must extend up the wall at least 4 inches.

**Violation Description:** The floors, walls, ceilings finishes must be of an approved material, durable, smooth, nonabsorbent, and easily cleanable. Food facilities shall be fully enclosed. (114143 (d), 114257, 114266, 114268, 114271, 114272)

FOOD ESTABLISHMENT INSPECTION FORM

FACILITY NAME DEL TACO #370	DATE 7/25/2019	PERMIT # PR0002395
--------------------------------	-------------------	-----------------------

**Overall Inspection Comments**

This inspection is at the request of Perla (manager) in response to a facility closure on 7/23/19 for walk in cooler impoundment. The conditions causing the closure were observed to be corrected. Your facility is approved to operate.

This re-inspection was conducted due to the downgrade of the facility on 7/23/19. At this time all violations from the previous inspection report have been corrected except for the following noted in the inspection report. "B" card was removed and replace with "A" card

**Did you know** that effective January 1, 2018, the California Health and Safety Code was amended to make it easier for food facilities to donate food? Please consider donating your excess food product to a local food bank, pantry, or soup kitchen. As a good faith food donor, you are protected from civil and criminal liability if the food product later causes harm to its recipient, unless the injury is a direct result of gross negligence or intentional misconduct in the preparation or handling of the donated food. See Section 171425 of the Civil Code and Sections 114432 to 114434 inclusive of the Health and Safety Code. For more information visit our website at [www.rivcoeh.org](http://www.rivcoeh.org).

## REASONS FOR IMMEDIATE CLOSURE OF A FOOD FACILITY

Per California Health and Safety Code Section 114409 (a):

"If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility immediately closed."

A food facility may be closed for any of the following reasons:

- Overflowing sewage (inside or outside the facility)
- No potable water
- No hot water
- No electricity
- Rodent or insect infestation
- Any other conditions at the facility that may create an imminent public health risk

In addition to the reasons above, Per California Health and Safety Code Section 114411:

"The enforcement agency may, after providing opportunity for a hearing, modify, suspend, or revoke a permit for serious or repeated violations of any requirement of this part or for interference in the performance of the duty of the enforcement officer."

No foil or cardboard on shelves!

## PROPER FOOD STORAGE IN REFRIGERATORS AND FREEZERS

Ready-to-Eat Food

Cooked Food

Raw Meat, Raw Eggs

Store cooked and ready-to-eat food above raw food to avoid cross-contamination. Keep all food covered to prevent contamination.

## MANUAL SANITIZING OF EQUIPMENT AND UTENSILS USING A THREE COMPARTMENT SINK

1. **SCRAPE**, clean, or soak items as necessary before washing.
2. **WASH** items in detergent and hot water of at least 100°F in the first sink.
3. **RINSE** items in clear water in the second sink.
4. **SANITIZE** by submerging each item in a sanitizing solution in the third sink. Use one of the following sanitizing methods:
  - 100ppm of a chlorine based sanitizer for a minimum of 30 seconds in the solution
  - 200ppm of a quaternary ammonium based sanitizer for a minimum of 60 seconds in the solution
  - 25ppm of an iodine based sanitizer for a minimum of 60 seconds in the solution
  - Water at a temperature of 171°F for a minimum of 30 seconds in solution
5. **AIR DRY** all items on the drain board.

## PROPER COOLING OF FOOD IN YOUR FACILITY

Potentially hazardous foods should always be rapidly cooled.

### TIME IS THE KEY FACTOR IN PROPER COOLING

- Foods must cool from 135°F to 70°F in 2 hours or less
- Foods must cool from 70°F to 41°F in 4 hours or less

Use one of the following methods to cool food properly:

- Break large foods down into smaller portions and place in shallow pans no more than 4 inches deep. Metal pans cool better than glass or plastic pans.
- Add ice as an ingredient to replace water used in the recipe.
- Place foods within an ice bath and frequently stir the foods to speed the cooling process.
- Loosely cover foods so that heat and steam can escape during cooling.
- Arrange containers within a refrigeration unit so that air can flow properly around containers.
- Use special equipment like chill paddles or blast chillers to rapidly bring down food temperature.

Use an accurate thermometer to verify the food is being cooled within proper timeframes.

## PROPER FOOD THAWING METHODS

1. Under refrigeration
2. In a microwave oven on "defrost"
3. Submerged under cold running water in an approved preparation sink for no longer than 2 hours
4. As part of the cooking process

## INTERNAL COOKING TEMPERATURES

Use a probe thermometer to take internal cooking temperatures

<b>135°F</b>	<b>145°F</b>	<b>145°F</b>	<b>145°F</b>	<b>155°F</b>	<b>155°F</b>	<b>165°F</b>	<b>165°F</b>
for 15 seconds	for 15 seconds	for 15 seconds	for 15 seconds	for 15 seconds	for 15 seconds	for 15 seconds	for 15 seconds

Food temperature cannot be felt - use your probe thermometer!
