FOOD ESTABLISHMENT INSPECTION FORM

FACILITY NAME <b>Mantra Indian Cuisine</b>				DATE 6/24/2021		TIME IN 10:15 AM		TIME OUT 11:00 AM	
ADDRESS 712 N Main St, Corona, CA 92880				FACILITY DESCRIPTION Not Applicable					
PERMIT HOLDER Mantra Restaurants Inc				EMAIL sumit@mantrarestaurants.com				Major Violations 0	
PERMIT # PR0067091	EXPIRATION DATE 03/31/2023	SERVICE Follow-up inspection	REINSPECTION DATE 7/08/2021	FACILITY PHONE # (957)739-9401	PE 3621	DISTRICT 0054	INSPECTOR NAME Jillian Van Stockum		Points Deducted 4

The conditions listed below correspond to violations of the California Health and Safety Code and/or Riverside County Ordinances and must be corrected as indicated by the enforcement officer. The Department of Environmental Health appreciates your cooperation.

Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional reinspection at a charge determined by Riverside County Ordinance 640.

**Major / Minor Violations:** Major Violations are those that pose an imminent risk to public health and warrant immediate closure of the food facility or immediate correction. Minor Violations are those violations that do not pose an imminent public health risk, but do warrant correction.  
GRADE REPRESENTS THE FOLLOWING RANGES: A = 100-90 Passed inspection / meets minimum health standards. B = 89-80 Did not pass inspection / does not meet minimum health standards. C = 79-0 Failed inspection / conditions exist which may pose a potential or actual threat to public health and safety. The facility is required to display a grade card in a conspicuous place selected by the Enforcement Officer. The grade card shall not be concealed and can only be removed or relocated by the Enforcement Officer per County Ordinance 492 / County Code Section 8.40.020

FOOD ESTABLISHMENT INSPECTION FORM

FACILITY NAME Mantra Indian Cuisine	DATE 6/24/2021	PERMIT # PR0067091
--	-------------------	-----------------------

23. NO RODENTS, INSECTS, BIRDS, OR ANIMALS

POINTS

2

Inspector Comments:

Observed one live adult German cockroach in the trash bin and two dying adult German cockroaches under the 3-compartment warewash station. The person in charge (PIC) promptly eliminated the live and dying cockroaches and removed the trash bin from the facility. A thorough inspection for vermin activity was conducted. No further evidence was observed. Construct, equip, maintain, and operate the food facility so as to prevent the entrance and harborage of animals, birds, and vermin including, but not limited to, rodents and insects. Ensure all gaps, crevices, and entry points are fully enclosed and/or repaired. PIC provided the report for pest control services dated 06/23/2021. Ensure additional pest control treatments are conducted and provide service reports to JVanStockum@rivco.org no later than 07/08/2021. Failure to comply will result in further enforcement action, including but not limited to an on-site verification of continued compliance and an inspection fee of \$191.00 to be collected on site.

**Violation Description:** Each food facility shall be kept free of vermin. Only approved animals, such as service animals or decorative fish in aquariums, are permitted inside a food facility. (114259.1, 114259.4, 114259.5)

34. UTENSILS AND EQUIPMENT APPROVED, GOOD REPAIR

POINTS

1

Inspector Comments:

1) Observed the cutting boards to be extensively stained and scored. All utensils and equipment shall be approved, properly installed, and in good repair. When utensils and equipment are no longer in good repair, remove from food service use to prevent potential contamination.

2) Observed the cooler door gaskets throughout the facility to be torn and the 2-door cold top cooler to have clear tape on the right door gasket. Tape is not an approved repair method. Remove duct tape and make the necessary repairs in an approved manner to provide equipment surfaces which are smooth, non-absorbent, durable, and easily cleanable. Replace gaskets and maintain in good repair.

3) Observed the lights in the 3-door cooler at the cooks line to be inoperable. Repair/replace lighting to ensure all areas of food preparation and storage are adequately lit.

**Violation Description:** All utensils and equipment shall be approved and in good repair. (114130, 114130.1-114130.6, 114132, 114133, 114137, 114175, 114177, 114257)

45. FLOORS, WALLS, CEILING: GOOD REPAIR / FULLY ENCLOSED

POINTS

1

Inspector Comments:

Observed the grout between floor tiles to be receding throughout the facility. Repair the floor grout to provide durable, smooth, nonabsorbent, and washable surfaces maintained in good repair.

**Violation Description:** The floors, walls, ceilings finishes must be of an approved material, durable, smooth, nonabsorbent, and easily cleanable. Food facilities shall be fully enclosed. (114143 (d), 114257, 114266, 114268, 114271, 114272)

Overall Inspection Comments

A follow up inspection was conducted this date to verify the continued compliance and correction of violations observed during the routine inspection, conducted on 06/17/2021. Critical violations were observed to be corrected. Facility is hereby reopened. At this time, all violations from the previous inspection report have been corrected except for those listed above. The "Facility Closed" sign and "C" card were removed and an "A" card was posted. Refer to routine inspection report for all violations noted on 06/17/2021.

NOTE: The following were unable to be verified due to the facility not being in active operation at the time of inspection:

- Violation 5: Proper handwashing and glove usage
- Violation 9: Proper cooling methods

**Did you know** that effective January 1, 2018, the California Health and Safety Code was amended to make it easier for food facilities to donate food? Please consider donating your excess food product to a local food bank, pantry, or soup kitchen. As a good faith food donor, you are protected from civil and criminal liability if the food product later causes harm to its recipient, unless the injury is a direct result of gross negligence or intentional misconduct in the preparation or handling of the donated food. See Section 171425 of the Civil Code and Sections 114432 to 114434 inclusive of the Health and Safety Code. For more information visit our website at [www.rivcoeh.org](http://www.rivcoeh.org).

## REASONS FOR IMMEDIATE CLOSURE OF A FOOD FACILITY

Per California Health and Safety Code Section 114409 (a):

"If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility immediately closed."

A food facility may be closed for any of the following reasons:

- Overflowing sewage (inside or outside the facility)
- No potable water
- No hot water
- No electricity
- Rodent or insect infestation
- Any other conditions at the facility that may create an imminent public health risk

In addition to the reasons above, Per California Health and Safety Code Section 114411:

"The enforcement agency may, after providing opportunity for a hearing, modify, suspend, or revoke a permit for serious or repeated violations of any requirement of this part or for interference in the performance of the duty of the enforcement officer."

No foil or cardboard  
on shelves!

## PROPER FOOD STORAGE IN REFRIGERATORS AND FREEZERS

Ready-to-Eat  
Food

Cooked  
Food

Raw Meat,  
Raw Eggs

Store cooked and ready-to-eat food above raw food to avoid cross-contamination.  
Keep all food covered to prevent contamination

## MANUAL SANITIZING OF EQUIPMENT AND UTENSILS USING A THREE COMPARTMENT SINK

1. **SCRAPE**, clean, or soak items as necessary before washing.
2. **WASH** items in detergent and hot water of at least 100°F in the first sink.
3. **RINSE** items in clear water in the second sink.
4. **SANITIZE** by submerging each item in a sanitizing solution in the third sink. Use one of the following sanitizing methods:
  - 100ppm of a chlorine based sanitizer for a minimum of 30 seconds in the solution
  - 200ppm of a quaternary ammonium based sanitizer for a minimum of 60 seconds in the solution
  - 25ppm of an iodine based sanitizer for a minimum of 60 seconds in the solution
  - Water at a temperature of 171°F for a minimum of 30 seconds in solution
5. **AIR DRY** all items on the drain board.

## PROPER COOLING OF FOOD IN YOUR FACILITY

Potentially hazardous foods should always be rapidly cooled.

### TIME IS THE KEY FACTOR IN PROPER COOLING

- Foods must cool from 135°F to 70°F in 2 hours or less
- Foods must cool from 70°F to 41°F in 4 hours or less

Use one of the following methods to cool food properly:

- Break large foods down into smaller portions and place in shallow pans no more than 4 inches deep. Metal pans cool better than glass or plastic pans.
- Add ice as an ingredient to replace water used in the recipe.
- Place foods within an ice bath and frequently stir the foods to speed the cooling process.
- Loosely cover foods so that heat and steam can escape during cooling.
- Arrange containers within a refrigeration unit so that air can flow properly around containers.
- Use special equipment like chill paddles or blast chillers to rapidly bring down food temperature.

Use an accurate thermometer to verify the food is being cooled within proper timeframes.

## PROPER FOOD THAWING METHODS

1. Under refrigeration
2. In a microwave oven on "defrost"
3. Submerged under cold running water in an approved preparation sink for no longer than 2 hours
4. As part of the cooking process

## INTERNAL COOKING TEMPERATURES

Use a probe thermometer to take internal cooking temperatures

<b>135°F</b> for 15 seconds	<b>145°F</b> for 15 seconds	<b>145°F</b> for 15 seconds	<b>145°F</b> for 15 seconds	<b>155°F</b> for 15 seconds	<b>155°F</b> for 15 seconds	<b>165°F</b> for 15 seconds	<b>165°F</b> for 15 seconds

Food temperature cannot be felt - use your probe thermometer!
