Overall Inspection Comments

This follow up inspection was conducted due to the downgrade of the facility (2/19/2020) and Administrative Hearing (2/26/2020). The facility requested a reinspection for a regrade today, 2/27/2020. At this time, observed dozens of dead cockroaches in numerous floor sinks throughout the facility. Other dead cockroaches were observed on shelving in the kitchen and on floors throughout the facility. Live cockroaches were present on the ceiling of the warewash room, on shelving of the warewash room, in and around floor sinks, and below kitchen ovens. At this time, the facility has been closed due to the cockroach infestation. Continue with approved pest control methods and properly clean and sanitize all food and related surfaces. "Facility Closed" sign has been posted. The facility cannot operate until a reinspection is conducted by a member of this Department. The reinspection for regrade was not conducted at this time. "C" card remains posted. Contact this Department with questions/concerns and for follow up (951) 273-9140.
