### Inspector Observations:

#### 22. SEWAGE AND WASTEWATER PROPERLY DISPOSED

**Violation Description:** A facility must have an approved and properly functioning plumbing system at all times. All liquid waste must drain to an approved, fully functioning sewage disposal system. Fully functional restrooms must be provided for employee use during hours of operation. (114197, 114250)

### Overall Inspection Comments

At start of inspection inspector observed a temporary line from the 3-compartment sink plumbed to outside sewer. Person in charge stated facility is installing a grease interceptor and are still selling open food. Facility is not able to use hand sink, prep sink or 3-compartment sink with proper disposal of waste water. This facility is not approved to operate until grease interceptor is installed and approved by the City of Riverside Environmental Compliance Agency and verification from a member of this Department. This facility is also used as a commissary for two mobile units which are not approved to operate until permission is granted from this Department. Facility closed sign posted, Do not move, remove, or block placard/sign to avoid penalty. No signature captured due to pandemic, inspection report emailed to K.nunez@deanza.net
